Please take a few minutes of your time to read it through!

WHERE: Berlin, Germany

WHEN: From February 2022, 12 months

CABUWAZI

CABUWAZI is a social circus based in Berlin that started in 1994 and now counts six places all around the city (Treptow, Kreuzberg, Altglienicke, Marzahn, Tempelhof, Hohenschönhausen).

We offer circus pedagogical leisure time activities, mostly free of charge, for children between 4 and 21 years old.

Next to regular training, we organise shows, holiday camps, co-operations with schools and nursery schools and circus pedagogical training for teachers (Circus Academy).

The Beyond Borders Project is focusing on people with refugee backgrounds, using circus as a tool of inclusion and trauma processing.

Circus is an art form, a way of expressing that goes beyond the spoken language: together with the physical development of the body that circus provides - strength, balance, coordination - it demands a certain trust in yourself and the others. This trust is a vital aspect for the wellbeing of people and society, and it can be developed through games, training and performances. In this way, children have the opportunity to grow and find their strengths.

The European and international youth work, like youth exchanges and volunteering, are also an important part of the activities in CABUWAZI. We are an intercultural project, where on different levels in the organisation, people from different countries/religions/ages work together for the same goals. We have been sending and hosting volunteers for over 20 years, and have contacts to organizations in the whole of Europe and neighbouring partner countries. Also meetings between different circuses of Europe, youth exchanges and youth initiatives are part of the core activities at CABUWAZI.

Being a volunteer is a life changing experience, the possibility to have an impact in the community!

You will be volunteering alongside a group of other 15-20 youngsters, a great chance to connect with beautiful human beings and learn and grow together!

Every week our volunteer community meets for the Monday Circle, from 18 to 19, to share our experiences, thoughts, dreams but also struggles and fears! We value our group as a safe space to open up and connect.

From 19 to 21 we have an open training in the tent, where we all train different disciplines and plan common performances!

[European Solidarity Corps stories from CABUWAZI](https://evscabuwazi.tumblr.com/) IS blog is a platform meant to inspire other young people to come and join our community or make a step in their lives. Is also the diary of our journey, a memory album that blows power in our sails.
